

FAMILIARIZATION WORKSHOP

LEVEL -1

**NO
FEES**

ABOUT US

The Indian Nanoelectronics Users Programme - Idea to Innovation (INUP-i2i) is sponsored by the Ministry of Electronics and Information Technology (MeitY), Govt. of India. The main objectives of INUP-i2i are to train high quality manpower, open the national nanofabrication and characterization facilities to Indian researchers/Industry, facilitate testing/translation of their research ideas and eventually contribute to the India's Semiconductor Mission

HOW WE WORK

Masters or Doctoral students and professionals in academia/industry interested in pursuing research in the area of nanoelectronics, NEMS, nanophotonics.
Participation in level-1 workshop is mandatory to register for level-2 hands-on workshop to be scheduled later.

- LEVEL 1** Familiarization Workshop (2 Days)
 - Learn about the facilities at CNNP
 - Work carried out at CNNP by its faculty and staff
 - Overview of INUP-i2i
 - Micro/Nano fabrication, Nanoelectronics, MEMS & Photonics
 - How to access CNNP facilities through INUP-i2i
 - Special session on going from an idea to a startup
- LEVEL 2** Hands On Training
2 weeks (To be announced)
- LEVEL 3** Project execution at IIT-M
Few months (To be announced)

Last date for registration:
June 03, 2022
Selected candidates to be informed on:
June 10, 2022

CONTACTS

CNNP,
Dept Of Electrical Engineering
IIT Madras, Chennai-36
